

Norton Sound-Port Clarence Area Subsistence Fishing

The Norton Sound-Port Clarence Area includes all waters of Alaska between the latitude of the westernmost tip of Cape Prince of Wales and the latitude of Point Romanof. This includes those waters of Alaska surrounding St. Lawrence Island and those waters draining into the Bering Sea. These regulations apply on waters within or adjacent to the Unalakleet Wild & Scenic River, the Yukon Delta National Wildlife Refuge, and Bering Land Bridge National Preserve. General domain lands managed by the Bureau of Land Management are open to fishing only on non-navigable waters. [See map 2 on previous page.]

Species / Customary and Traditional Use Determinations	Harvest Limits	Open Season
Waters draining into Norton Sound between Point Romanof and Canal Point		
All Fish		
• Residents of Kotlik, St. Michael, and Stebbins	No limit	Year round
Remainder of Norton Sound-Port Clarence		
Salmon
